

I Can't Love Anymore

Teena Marie

I can't love anymore
Ever since the day you've been gone
My heart has turned into an empty shell
Look at me, I can't love anymore I can't love anymore
Kisses they just don't feel the same
They love me and I leave them in tears and in pain
I never was like this before And if I knew that long ago I would feel this much sorrow
Without you by my side
if you'd been more of a man, tried more to understand
Instead of hiding behind your pride
And now my heart is broken and I'm in misery And baby I can't love anymore
And darling I can't love anymore You have taken the best part of me baby I can't love anymore
Something deep inside me has died
My heart has been broken and maybe that's why
I can't love anymore I can't love anymore
Words I thought I never would say
If love is just a game then I don't want to play
Ever again in my life And if I knew that long ago I would feel this much sorrow
Without you by my side
If you'd been more of a man, tried more to understand
Instead of hiding behind your pride
And now my heart is broken and I'm in misery And baby I can't love anymore
And baby I can't love anymore
And darling I can't love anymore
And I can't love anymore
