

Symmetry

Gabriella Cilmi

Ohh tell me something that I don't know
Is there a truth you try to hide
You can let follow you home
Do you hold on tightly
Or just let it go?
Would you sale all a moment breath
The pay for what you oweMy conscience is broken
This black hole is open
Is pulling me past the point of no return
Tell me i'm not the only one
Feeling this lonely now
Lord i need to now ...
Does your heart bleed like mine?
With each beat pumping out of time
Is something burning deep down inside
Can fight the fire we can undo
The symmetry of me and youOHHHOOOWhen you look me in the eyes
Do you see a stranger smile
Or a face that you recognize
And does your body feel out of place
And all theses thoughts you can't control
And you now that you can't explainMy conscience is broken
This black hole is open
It's pulling me past the point of no return
Tell me am i the only one
Feeling this lonely now
Lord i need to now ...
Does your heart bleed like mine?
With each beat pumping out of time
Is something burning deep down inside
Can fight the fire we can undo
The symmetry of me and youOnly you and me never can we break free
You now where i'll be ...close to you
Only you and me never can we break free
You now where i'll be ...close to you
Close to youLord i need to now ...
Does your heart bleed like mine?
With each beat pumping at a time
Is something burning deep down inside

Can find the fire we can undo
The symmetry of me and you Only you and me never can we break free
You now where i'll be ...close to you
Only you and me never can we break free
Can find the fire we can undo
The symmetry of me and you
