

# Burn In Hell

## Judas Priest

Speak to me  
Of those days I won't forget  
Your worst dreams  
Has just returned to pay you back  
I'm still laughing  
There's not much else I can do  
But one thing's certain  
I'm coming back for you  
Have you got a gun?  
Do you remember well  
Who you used it on?  
It's time to burn in hell  
Say my name  
I can hear you whisper  
Not to blame  
You are going to blister  
Scream in the night  
I've been counting the days  
And it's so amusing  
To see you again  
Have you got a gun?  
Do you remember well  
Who d'ya use it on?  
You're going to burn in hell  
Die, why? Time to pay the price  
Kill, I will have my sacrifice  
Plead with fear, I am getting near  
Friend, liar, time to eat some fire

Have you got a gun?  
Do you remember well  
Who d'ya use it on?  
You're going to burn in hell  
Burn in hell  
I can hear you whisper  
Burn in hell  
You are going to blister  
Have you got a gun?  
Do you remember well

Who d'ya use it on?  
You're going to burn in hell  
Burn in hell  
I can hear you whisper  
Burn in hell  
You are going to blister  
Snarl like a dog  
You'll scream like a banshee  
Stuck like a hog  
You're gonna love me  
Burn in hell  
I can hear you whisper  
Burn in hell  
You are going to blister  
Burn in hell  
Screaming like a banshee  
Burn in hell, burn
