

# Watching the Sky

[Jesse Harris](#)

Everyone was dancin' or reelin'  
And the band was playin' with feelin'  
While the rest of the world was rockin'  
You and I were sittin' there talkin' Watchin' all of the people  
Watchin' all of the sky fall down Said that you were always too shy  
And everythin' kept passin' you by  
While the rest of the world was rockin'  
You and I kept sittin' there talkin' Watchin' all of the people  
Watchin' all of the sky fall down A new year was lightin' the sky  
And all you did was sit there and cry  
And while the rest of the world was rockin'  
You and I kept sittin' there talkin' Watchin' all of the people  
Watchin' all of the sky fall  
Watchin' all of the people  
Watchin' all of the sky fall down
