

Here's To Another

Smile Empty Soul

I walked into a bar tonight
I knew that it was the last place I should be
I'm like a fly to the neon lights
A good buzz is the only thing I need Pull up a stool, nothing to do
Except shot after shot, drink till I puke And I'm standin' on the edge of what is real
I feel like I've drank away the better part of years
My fears have me pinned against a wall but without them
I would fall so, before I'm gone let's have a cheers I've lived through some hard times
I've done the best I could with what I've had
Life is never a short flight
I'm still so young how did I get so Pull up a stool, nothing to do
Except shot after shot, drink till I puke And I'm standin' on the edge of what is real
I feel like I've drank away the better part of years
My fears have me pinned against a wall but without them
I would fall so, before I'm gone let's have a cheers Before I'm gone, let's have a cheers
Before I'm gone, let's have a cheers Standin' on the edge of what is real
I feel like I've drank away the better part of years
My fears have me pinned against a wall but without them
I would fall so, before I'm gone let's have a cheers Before I'm gone, let's have a cheers
Before I'm gone, let's have a cheers
Before I'm gone, let's have a cheers
