

Happiness

Trijntje Oosterhuis

I was down and out... till you helped me out
Cause you came and took the wheel,
drove me to the sun.
I've been cold and mad, just about to crack
lost my sense of what was real,
and fair, in this to come
I was lost for words and attitude
..when you told me the simple truth
You showed me how it's done.
You gave me a sense of relief
Giving me all the strength I need
And let my heart and soul be one...
Oh yeah! Maybe youâ€™ve been an angel
I've never seen a bigger heart
All I wanted you to know
I'm here for you, no matter what

Chorus:

Overload with happiness inside,
I feel so overjoyed
If you are watching over me!
So I will dance a little more,
I stamp my feet all around the floor
I won't let you get away
Baby all I want is more!
All I want is more!
Hey, hey, hey, I want it
So come and get it!

Happiness, it feels like love,
If you want it just push and shove
Don't you see the way? Oh you said

Even need.. a little more
Kick your feet right through the door
Honey, it ain't so lame... no, no!
Maybe you've been an angel
I've never seen a bigger heart
All I wanted you to know,

I'm here for you no matter what! Oh!

Chorus:

Overload with happiness inside,
I feel so overjoyed
If you are watching over me!
So I will dance a little more,
I stamp my feet all around the floor, hey
I won't let you get away
Baby baby all I want is more, more, more hey!

Overload with happiness inside,
I feel so overjoyed
If you are watching over me!
So I will dance a little more,
I stamp my feet all around the floor, hey
Overload with happiness inside,
I feel so overjoyed
If you are watching over me!
So I will dance a little more,
I stamp my feet all around the floor!
