

# Drifter (Acoustic)

## DecembeRadio

I used to have a home a place I started from a  
place I called my home  
The bright lights and late nights  
Devil took me on the midnight ride  
Left me out in the desert on my ownPre-chorus  
And now I feel alone

I need a hand to help me find my way back homeChorus  
I'm a drifter out on a dead end road  
Tryin' to find my way back home  
To get to you whoah to get to you  
Lord I've been gone for far to long  
Headed to places I don't belong  
And I've got to get back home to you  
sometimes i think about the past the road that i was on  
the road that lead me home

I walk on another day I may wander but I'll never stray  
I found out the hard way that sin don't payPre-chorus  
And now I feel alone

I need a hand to help me find my way back homeChorus  
I'm a drifter out on a dead end road  
Tryin' to find my way back home  
To get to you whoah to get to you  
Lord I've been gone for far to long  
Headed to places I don't belong  
And I've got to get back home to you

Bridge  
And when I feel the night is closing in  
And I care barely breathe the air  
I just remember that I got a friend

Who really cares whoah who really caresChorus  
I'm a drifter out on a dead end road  
Tryin' to find my way back home  
To get to you whoah to get to you  
Lord I've been gone for far to long  
Headed to places I don't belong  
And I've got to get back  
Lord I've got to get backrepeat  
(with "take me home" after "and I've got to get back")

Do do do do dun dun oh yeah (he does some free styling stuff then the last strum)
