

Unwoken Dream (King With Everything)

[Justin Nozuka](#)

There is a King who lives on the top of the hill
There is a king who had everything
Led by a star, the light in the sky
He can't see it
There is a man who lives by the river
He is a man surrounded by light
She is alone bathing in the river
He watches her [Chorus]
Diamond in the sky
Will she be mine
Lead her through the night
She is blind
Over the hill and beyond the river
Seven unwoken dreams are there
When she awakes she dreams more than ever
He dreams with her
Ooh [Chorus] Lead her through the night
She is blind
