Decide

L.A. Guns

Someday, somewhere
This life's neverending
Never thought you were pretending
Your dreams have died
Your hands are tied
The love you had
Is coming back for the last timeDay or night
Night into day
We've found the answer
But it slips awayDecide
Decide
YeahAnyone can see
That this is the end of
All of the love you once abandoned
Your dreams have died
Your hands are tied
The love you had
Is coming back for the last timeDaylight
Starting to fade
Tomorrow's coming
But we want todayDecide
Decide
It's your lovin' for the last rideDecide
Be free
What you like is what you can't seeJust a little love
Just a little love
