Touch

Wolfsheim

When I touch you, feeling your skin
When I touch you deep within
I'll break your silence on your way to me
I will make you everything you want to be
When I touch youYou know that you'll love it
You'll need it for sure
I'm drawing your lines with my hands
I'm weaving the dream that never ends
I don't play hide and seek with you, dear
When I touch youAiming fingers searching secret pleasures
Roaming where your river seems so deep
You know I'm going on
I like the song you'll sing for me
When I touch youYou know that you'll love it
You'll need it for sure
I'm drawing your lines with my hands
I'm weaving the dream that never ends
I don't play hide and seek with you, dear
When I touch youAnd when tension's spilling down your skin
Now love will never be what she once was
When I touch youYou know that you'll love it
You'll need it for sure
I'm drawing your lines with my hands
I'm weaving the dream that never ends
I don't play hide and seek with you, dear
When I touch youYou'll feel for sure
I'm drawing the lines with my hands
I don't play hide and seek
But when I touch you
