Fire

Inspiral Carpets

You've got 27 years on me
The things you're doing make me smile
The days we spend are sent from heaven
And you're always on my mind
And you're always on my mindIn my heart, there's a rainbow glowing
(In my heart)
In my head, there's a moon so bright
(In my head)
In my sky, there's a snow cloud snowing
(In my sky)
Sandman's coming out tonightI've got 27 years on you
The things you're doing make me laugh loud
The days we spend are sent from heaven
And you've given me my lifeIn my heart, there's a rainbow glowing
(In my heart)
In my head, there's a moon so bright
(In my head)
In my sky, there's a snow cloud snowing
(In my sky)
Sandman's coming out tonightBa ba ba ba ba ba
Ba ba ba ba ba ba
Ba ba ba ba ba
Ba ba ba ba ba ba baPlanet spins, planet spins
And another generation gives the hope
And the joy and the life to the beat
To the heart of the nextFree at last, free at last
Free at last, free at last
Thank God Almighty
We are free at lastIn my heart, there's a rainbow glowing
(In my heart)
In my head, there's a moon so bright
(In my head)
In my sky, there's a snow cloud snowing
(In my sky)
Sandman's coming out tonightIn my heart, there's a rainbow glowing
(In my heart)
In my head, there's a moon so bright
(In my head)
In my sky, there's a snow cloud snowing

(In my sky)
Sandman's coming out tonight
