## Trash Talk

These ain't your father's battles this is more  
Holy wars on foreign shores blitzkrieg cliques on world tours  
Sure the people will fly someday  
But for now they rage beneath radio waves  
These ain't your father's battles this is more  
Holy wars on foreign shores blitzkrieg cliques on world tours  
Envy is in me  
Now the world is condemned to the bowels of sin  
Lucify Crucifer  
Subject the world to the angel of death  
This ain't your father's war  
This is ritual pissing disguised as a test
