The Legacy

Testament

We're gonna take you back
Through the pages of the past
Just another lonely boyOh, I could laugh and play
And live in any other way
Then the devil took my soulThe fortune and the fame
I knew I was not the same
When I know I'd never returnLooking at the sky
I knew I would never die
And forever shining throughWish the sky would say
That blue would turn to gray
And I know that I'd be thereLife was like a fantasy
Taken by reality
Does anyone remember me?
You once knew meFlashes of the day
I knew I was here to stay
But no one stays the sameTurn the pages back in time
Through the chapters in my mind
Life's too short to leave behind
It's to late nowLife was like a fantasy
Taken by reality
Does anyone remember me?
You once knew meFlashes of the day
I knew I was here to stay
But no one knows my name
