Woke From Dreaming

The Delgados

Woke from dreaming
But it took convincing
I was shaking screaming
I was still aliveAnd you were picking strangers by the side of roadways
Little little let the danger unfoldYou can do what you do
If you think you'll take it
You can do what you do
If you are that way inclinedSuffer with silk
As the pressure's tighter
You have skin pale as milk
With the pressure onMy heart is getting heavy and my hands are weak now
Hatred lifting and I'll start to weep nowYou can do what you do
If you think you'll take it
You can do what you do
If you are that way inclinedJust for a moment
Can we take a little time
Just stop for a moment
Can we make this moment mineI've tried to let go but I've never had much to say
Take a day take them all nowJust for a moment
Can we take a little time
Just stop for a moment
Can we look inside this mindWe try to control but we never quite know what's there
We will kill if we need to...Just for a moment
Can we take a little time
Just stop for a moment
Can we make this moment mineI've tried to let go but I've never had much to say...
