Last Melody (Radio Edit)

Nick Neblo

A different place, a different fate,
I got used to it, never freer than today.With other eyes, a whole new sight,
with you out of my mind it's good fun every night.I'm going out, I stand alone, I've built a house, it's my new home
and your memories are all long gone, my new life has just begun.Look at me, what I sing is just a desperate melody,
saying I'm over, over, over it is just a lie, is a just a lid.It's not true, I am still in love with you,
who can help me? Just please tell me who,
'cause there's nothing I can do.
That's true, I am still in love with you
who can help me? Just please tell me who,
'cause there's nothing I can...You love me, you love me inside, you love me.
You love me, you love me inside, you love me.I'll take a break, for goodness sake,
I promise I won't make the same old mistake.Here we go, this is it, it will be my last melody,
I'll sing it over, over, over 'till you come back to rescue me,'cause that's true, I am still in love with you,
who can help me? Just please tell me who,
'cause there's nothing I can do.
That's true, I am still in love with you
who can help me? Just please tell me who,
'cause there's nothing I can...
I can do.You love me, you love me inside, you love me.
You love me, you love me inside, you love me.
