

Waltz for Pony

Boy

Time is such a hungry beast
It swallows all my memories
It makes all smells and colors fade
It takes the ones I love away
Love, love, love, love, love, love, love, love
You are my wildest wish come true
I love the way you love and move me
I had never dared to ask

For this to come and stay and last
Love, love, love, love, love, love, love, love
It's not just the two of us, we're
three

You, the hungry beast and me
And it's starving but it can't attack
I put two saddles on its back
