Summer Stars

Graham Colton

Lights turnin' green as we drive around
Try to make a scene but keep the radio down
Five phones ringin'
Lookin' for somethin' to do...
Your best friend says you're at the Palisades
Lights are turnin' red, the street's a big parade
Don't worry - we'll get there,
And I'm gonna' see you...(chorus)
Do you remember when she moved in next door,
Back in the school yard
Let's go back again,
Oh those summer stars
Boys mixin' drinks with their Gatorade
Girls are showin' up fashionably late
I kick back and wait until I see you
Stereo glass breaks living room
Standing in your wake, their eyes are all on you
You're catchin' mine, I follow you outside...
(chorus)
Do you remember when she moved in next door,
Back in the school yard
I wanna' go back again,
Oh those summer stars
It won't be long tonight
The end of summer,
We'll be gone
Tonight
Good night
(live - "Cuz you're not the only one")
(repeat chorus)
