

Disconnect (feat. Floor Jansen)

Evergrey

Gone! She's gone!
How am I suppose to make it alone?
Don't leave this!
Don't leave me!
I'll disconnect, before it takes me over.
I wish to leave it all.
I'll disconnect, before it takes me over.
If this is all I have now, then I need to disconnect now.
I never meant to be indifferent.
Never wanted you to feel irrelevant.
You were never insignificant.
So, don't leave this!
Don't leave me!
I'll disconnect, before it takes me over.
I wish to leave it all.
I'll disconnect, before it takes me over.
(Progressive multiple solos)
Don't leave this!
Don't leave me!
I'll disconnect, before it takes me over.
I wish to leave it all.
I'll disconnect, before it takes me over.
