Teenage FBI

Get Well Soon

Someone tell me why I do the things
That I don't wanna do?
When you're around me with somebody elseSomeone tell my why I act like a fool
When things don't go my way?
When you're around me I'm somebody elseThere is good reason I guess
Having it once, gone too far
When you clean out the hiveDoes it make you want to cry?
Are you still being followed
By the teenage FBI?Someone tell me why, someone tell me why
Someone tell me why I do the things
That I don't wanna do?
When you're around me, I'm somebody else
Someone tell me why, someone tell me whySomeone tell me why I do the things
That I don't wanna do?
When you're around me I'm somebody elseSomeone tell my why I act like a fool
When things don't go my way?
And you're around me I'm somebody elseThere is good reason I guess
Having it once, gone too far
When you clean out the hiveDoes it make you want to cry?
Are you still being followed
By the teenage FBI?Someone tell me why, someone tell me why
Someone tell me why I do the things
That I don't wanna do?
When you're around me, I'm somebody elseSomeone tell me why
Someone tell me why
Someone tell me why
