# Overlooked

## caraway

I can't help but wonder
If we're listening or just singing along
I hold this all so close..does it compare to what I've felt
If you strip away what's not important
Will it still beat in your heart?
It's in my heart..more than ever!
It's the strength to carry on
The will to dedicate
All your thoughts, your energy to something so many overlook
If you strip away what's not important
Will it still beat in your heart?
It's in my heart..more than ever!
You just can't fake what I feel
I can see right through you
If it's just one thing that I've learned
It's not to get caught up in matters we can't control
I'll keep my energies focused on appreciating all that we have
There's nothing to make me second guess myself
Don't look back!
