

# Bottom Line (Prod. By Rob The Viking)

## Swollen Members

Bounce, c'mon (8x)ROCK, we're the heaviest  
STOP, or you're gonna get  
CAUGHT, cause we never rest, drop this on ya  
We're the heaviest, you would never want to  
Talk shit cause we come back to haunt yaI rock heavy like a 70's icon  
Led Zeppelin - Stairway to Heaven, my mind's gone  
Even though I only did acid twice  
My rap's a vice; your head's in it ask the price  
For you to be released and me to be happy  
With all of your suffering I'm brutally crafty  
Coming up with the best selections  
To get inside of you like I'm a chest infection  
Your best protection is to get down and drown  
Remember that the Members don't clown around  
I'm found downtown with rolls of cash  
My passion is smashing you disposable cats I'm old fashion  
With swift abilities to lift and drop  
And ambulant skill plus whip and chop  
I dump on a chump and punk ya assoc ass  
I'm done with rap, now I'm prepared to cash inAyo, I'm kick ass thick as a brick you bitch ass  
Quick on the draw I come equipped with a pick axe  
Rock solid, you cock-a-holics, I'm not gon frolic any longer  
Cause my crew's much stronger  
Donkey Kong stomp, Pac-Man chomp  
Attacking competition I'm back in my position  
Pop off with the must stop opposition  
You have to listen cause mad division of beauty and grace  
See what I do to your face, might be me, might be my friends  
I might need an alibi it all depends  
And I don't give a fuck if you don't like it, suck this  
I'm a small giant, that's trying, dying to find success  
You look upset stupid fuckhead  
I'm locked, stocked, and loaded the most devoted  
I'm a keep bringing the pain 'til your brains exploded  
I'm motivated, voted and rated as one of the greatest  
One of the most loved and hated and still haven't made it  
Ya know?
