

# I Got Lucky

## The 88

Never found a four leaf clover  
To bring good luck to me  
No rabbit's foot, no lucky star  
No magic wishing tree  
But I got lucky, yes, I got lucky  
(I got lucky, lucky when)  
When I found you, oh oh, yeah  
Got no rainbow around my shoulder  
No horseshoe on my door  
But I got you to hold me tight  
And who could ask for more  
Oh, I got lucky, yes, I got lucky  
(I got lucky, lucky when)  
When I found you  
(When I found you)  
I always walk around  
With all my fingers crossed  
I'm afraid the love I found  
Just might get lost  
So won't you tell me that you love me  
Hurry up and name the day  
And then I'll know that my good luck  
Is really here to stay  
Oh, I got lucky, yes, I got lucky  
(I got lucky, lucky when)  
When I found you  
(I found you)  
I always walk around  
With all my fingers crossed  
I'm afraid the love I found  
Just might get lost  
So won't you tell me that you love me  
hurry up and name the day  
And then I'll know that my good luck  
Is really here to stay  
Oh, I got lucky, yes, I got lucky  
(I got lucky, lucky when)  
When I found you  
(I found you)

Oh, I got lucky, yes, I got lucky  
(I got lucky)  
When I found you
