Take It To Jesus

Tamela Mann

I was down so low, there was no where to go
But Jesus heard my plee, and had mercy on me
He lifted my head, and raised me from dead
Healed my mind and steped in on time
Bridge:
No matter what you might be going through
Take it to the master and he'll see you right on through
Chrous (choir):
Take it to Jesus, Keep it there
Cast on him, all your fears
Take it to Jesus, Keep it there
Cast on him, all your fears
Mary lost her faith, cause her brother has died
Jesus came forth and said lazerth be untied
No matter how bad you think it is
If you leave it at his feet he'll give you peace

Bridge:
No matter what you may be going through
Take it to the master and he'll see you right on through
Chrous (choir):
Take it to Jesus, Keep it there
Cast on him, all your fears
Take it to Jesus, Keep it there
Cast on him, all your fears
Don't let nobody turn you around
Give it to Jesus
He'll never let you down
Chrous (choir):
Take it to Jesus, Keep it there
Cast on him, all your fears
Take it to Jesus, Keep it there
Cast on him, all your fears
