

Together

DJ Bobo

Together forever for all the time
Together we welcome the secret sign
Together in freedom we take the chance
Together forever we will be friends We are what we are - Together
And we went so far - Together
We are what we are - Together
We all long for a land to be free The promised land is close to you
The rain is gone, the sky is blue
Hand in hand we can survive
We're fighting for a better life It's a new generation
Without hate and frustration
Promised land, promised nation
Without pain, without control Planet Earth is our place
Insanity is lost in space
A world of dreams is what we share
Where honesty is in the air Together forever for all the time
Together we welcome the secret sign
Together in freedom we take the chance
Together forever we will be friends
