

Lifeline

Papa Roach

When I was a boy I didn't care 'bout a thing
It was me and this world and a broken dream
I was blaming myself for all that was going wrong I was way out there on the wrong side of town
And the ones that I loved I started pushing 'em out
Then I realized that it was all my fault I've been looking for a lifeline
For what seems like a lifetime
I'm drowning in the pain, breaking down again
Looking for a lifeline So I put out my hand and I asked for some help
We tore down the walls I built around myself
I was struck by the light and I fell to the ground I've been looking for a lifeline
For what seems like a lifetime
I'm drowning in the pain, breaking down again
Looking for a lifeline Is there anybody out there?
Can you pull me from this ocean of despair?
I'm drowning in the pain, breaking down again
Looking for a lifeline You know a heart of gold won't take you all the way
And in a world so cold it's hard to keep the faith
I'm never gonna fade away, yeah I've been looking for a lifeline
For what seems like a lifetime
I'm drowning in the pain, breaking down again
Looking for a lifeline Is there anybody out there?
Can you pull me from this ocean of despair?
I'm drowning in the pain, breaking down again
Looking for a lifeline
