

How Are You True

Cage the Elephant

Wake up,
Say a little prayer,
Out of bed,
bathroom,
Look at myself,
And I stop and stare,
And I wonder who,
Is Standing here,
And I try to find the way to carry on,
Wonder how much longer I can carry on,
Cause these days they take so long,
Yes they do,
Hey True how are you True,
The light will guide you home,
Yes it will,
Hey True how are you True,
There's one thing you should know,
You need love,
You need love,
You need la-la-la-la-love. All your days spent downing
That life has passed you by,
And in the quiet steel of silence,
Tried to hide your eyes,
Oh don't cry,
Oh, no. Hey, how are you Tru?
Life will guide you home,
You'll look back and laugh
Yes you will. Well I can still remember,
Yes I was a young man too,
Alone but not forgotten,
The candle shining through,
Still all these words that were spoken,
Don't mean anything at all. Without love,
Without love,
Without love,
Without la-la-la-la-la-love. De-de-de-do
De-de-de-do
De-de-de-de I remember clearly,
We were both there on the airplane,

You told me all your secrets,
Oh I never saw it coming,
I thought you were choking,
You were actually quite serious.
