Alice Mae

R.L. Burnside

If you see my baby,
They call her Alice Mae,
If you see my baby,
They call her Alice Mae,
Tell all them fellas,
They'd better stay away.
My woman she love me,
She sure do treat me bad,
My woman she love me,
She sure do treat me bad,
Mess with my woman,
I have to take your life,
She fix my breakfast
She bring it to my bed,
She fix my breakfast,
She bring it to my bed,
I love that woman,
Till the doctor pronounced she's dead,
Tell all them fellas
In this here neighborhood
Tell all them fellas
In this here neighborhood
Mess with my woman
And a doctor can do you no good
Mess with my woman
And a doctor can do you no good
Mess with my woman
And a doctor can do you no good
