# Time (Battle Tapes Rmx)

## Uh Huh Her

TIME
Time
I've got a feeling (2x)
And I don't care
Heaven or hell
Fear of deceiving
Cause I got a feeling
It's not up in the air
Time
Fear of believing
Cause I got a feeling and
And it's not fair
Uncover your heart (2x)
How am I supposed to breathe
Uncover your heart (2x)
How am I supposed to be?
Maybe you just let your heart stop beating
Maybe you left long ago
Maybe you just let your heart stop breathing
Maybe it stopped long ago
Time
I got a feeling
Believers and their sins
Will soon disappear
Heaven or hell
Fear of deceiving
Cause I had a feeling
And it's not fair
Uncover your heart (2x)
How am I supposed to breathe
Uncover your heart (2x)
How am I supposed to be?
Maybe you just let your heart stop beating
Maybe it stopped long ago
Baby you just let your heart keep singing
Maybe it stopped long ago
Maybe you just have no heart or soul
Baby just try not to loose control
Maybe you just have no heart or soul

Baby I'll try not to cry no more
...Do what you want, to the beat of your drum
