

Cry Wolf

White Widdow

You couldn't wait for answers
You just had to try those wings
And all your happy-ever-afters
 They didn't mean a thing
 So I'm not gonna try at all
 To keep you from the flame
Just remember not to call my name
 When you cry wolf
 Once too often
 You cry wolf
No, I won't come knockin'
 You cry wolf
I won't hear you anymore
 If you start to stumble
 If you start to crack
 If you're feeling humble
 Don't look back
When you cry wolf
 Once too often
 You cry wolf
No, I won't come knockin'
 You cry wolf
I won't hear you anymore
You can try but you can't get me into the fire
 'Cause I'm all out of sympathy
And, baby, I can't walk this wire
 Find yourself somebody new
 To catch you when you fall
'Cause I got just one thing to say to you
 And, baby, that's all
When you cry wolf
 Once too often
 You cry wolf
No, I won't come knockin'
 You cry wolf
I won't hear you
 You cry wolf
Well, once too often
 You cry wolf

No, I won't come knockin'
 You cry wolf
 I won't see you
 So you cry wolf
 Once too often
 Cry wolf
On no, I won't come knockin'
 If you cry wolf
 I won't see you
 'Cause you cried wolf
