

# My Life's Been a Country Song

[Chris Cagle](#)

Now I know how Merle Haggard felt  
When he sang the words mama tried  
And I've lived those teenage Friday nights  
The pyramid of cans in the pale moon light  
And that summer Becky broke my heart  
Alabama sang old flame burnin'  
Well, I've measured George Strait, drank with George Jones  
My life's been a country song  
It's all about fallin' down and gettin' back up  
Your good times and hard luck  
True love and amazing grace  
Workin' all week for a backache  
Raisin' Caine, Friday nights  
Sunday church to set it right  
They can write it on my stone  
My life's been a country song  
Now I know how Paycheck felt  
When he told his boss to take his job and shove it  
And I've had the girl that made me say  
I like it, I love it, I want some more of it  
And I'll always remember just where I was  
When the world stopped turnin'  
Through the good and the bad, the right and the wrong  
My life's been a country song  
It's all about fallin' down and gettin' back up  
Your good times and hard luck  
True love and amazing grace  
Workin' all week for a backache  
Raisin' Caine, Friday nights  
Sunday church to set it right  
They can write it on my stone  
My life's been a country song  
It's been the words when I couldn't find 'em  
A friend when I've been alone  
It's been a toast to the things remembered  
The strength for movin' on  
It's all about fallin' down and gettin' back up  
Your good times and hard luck  
True love and amazing grace  
Workin' all week for a backache  
Raisin' Caine, Friday nights  
Sunday church to set it right  
They can write it on my stone  
My life's been a country song  
Oh, my life's been a country song
