Gold Teeth

Hey Rosetta!

All this hunger and such uncomfortable thirst
son be suffering its the song of your birth
sonny's singing now gets me thinking how
everybody's dream is
true
everybody leaving
while their mom is setting guilt trips
see all the young hearts leaping(singing I I I I don't wanna go back to that)singing I I I I don't wanna go back...All this hunger is always following us
out where we survive
under poisonous skies
and dreaming
but nobody's sleeping
two cold hearts speeding
see all the gold teeth gleaming
see all the young healthy free men
just move into nothing.
put my body on
a wagon
and carry me off to the ocean
let me float on
to the eastern sun
out where tomorrow has just begun
well I used to be wild
back in my time
now i just fight to sleep at night
surrender me up to the animals
let in me in the light that I can trust
let me in the light that I can trust
let me in the light that I come from
