

# Money Girl

## Culture

Eh eha!

Everything gone up, food gone up  
Clothes gone up, gas gone up  
Car rental gone up and everything gone up

For everywhere she see Iyah, she want money  
Everywhere she see Iyah, she want money  
Everywhere she see Iyah, she want money  
Everywhere she see Iyah, she want money

She wants Ferlucci pants and buckets cap  
Halter top and Clarks booty  
She wants Ferlucci, she wants Clarks booty  
Halter top and buckets cap

For everywhere she see Iyah, she want money  
Everywhere she see Iyah, she want money  
Everywhere she see Iyah, she want money  
Everywhere she see Iyah, she want money

Monday morning comes, she absent  
Tuesday morning comes, she don't turn up at all  
Wednesday evening come out, I eat a little fresh rice  
'Cause I'm an italist  
Thursday evening come, she don't turn up at all  
Friday morning come when I'm about to get mi pay  
And when I look, her foot stretch out inna the way

For everywhere she see Iyah, she want money  
Everywhere she see Iyah, she want money  
Everywhere she see Iyah, she want money  
Everywhere she see Iyah, she want money

(..)

Monday morning comes, she absent  
Tuesday morning comes, she don't turn up at all  
Wednesday evening come out, I eat a little fresh rice  
Because I'm an italist  
Thursday evening come, she don't turn up at all

Friday morning when I'm about to get mi pay, yeah  
And when I look, her foot stretch out inna the way

Everywhere she see Iyah, she want money  
Everywhere she see Iyah, she want money  
Everywhere she see Iyah, she want money  
Everywhere she see Iyah, she want money

She have gold 'round her ankle, gold 'round her waist  
Gold around her little neck and chest  
Gold in her ears and gold in her nose  
Gold 'round her headside and gold 'round her eye

For everywhere she see Iyah, she want money  
Everywhere she see Iyah, she want money  
Everywhere she see Iyah, she want money...
