[Chorus]
Said shawty got gifts, gifts, gifts... gifts damn girl
Said shawty got gifts, shawty got gifts, shawty got gifts

Shawty got lips
Shawty got hips in the club
Shawty make a nigga wanna give tips
She climb up to the top
And down into a split
Shawty know how to make her body do tricks
Said shawty got a name
You lookin' real fly
You lookin' real cute in your birthday suit
Girl you know I'm gone stare
You know I'm gone shoot
You're my number call me
Girlfriend if it's cool
Have drinks for the pool
Call it a deuce
Why I'm tryna get you drunk
I'm gettin' drunk too
I know the feelings the same
So imma tell you
(I tell you no lie girl this song is about you)

[Chorus]

(Listen)
Said shawty got lips
Shawty got hips in the club
Shawty make a nigga wanna give tips
She climb up to the top
And down into a split
Shawty know how to make her body do tricks
Shawty got gifts (hey)gifts (hey)
You know how to lick those lips(hey) lips (hey)
You got a half of moon on them hips(hey) hips(hey)
Shake your body down then you dip, dip
I'm pullin' out my cell phone flip, flip

You know I got to sneak and take a pic, pic
You make a dude wanna spend his chips, chips
I think I fell in love wit her clit, clit, clit, clit

[Chorus]

When she wakes up in the morning

Said shawty got lips
Shawty got hips in the club
Shawty make a nigga wanna give tips
She climb up to the top
And down into a split
Shawty know how to make her body do tricks
Shawty got
Off in da club(hey), off in da club(hey)
Show us some love(hey), show us some love(hey)
Off in da club(hey), off in da club(yuh man)
Show us some love(hey), show us some love(hey)
Now see your body like a whip, whip
I want to ride around in it, it
I wanna cruise the wavy ship, ship
But we don't want relationships no
Show me some love now
Off in da club(hey), off in da club(hey
Show us some love(hey), show us some love(hey)
Off in da club(hey), off in da club(hey)
Show us some love(hey), show us some love(hey)

[Chorus]

Said shawty got lips
Shawty got hips in the club
Shawty make a nigga wanna give tips
She climb up to the top
And down into a split
Shawty know how to make her body do tricks

Shawty got (screwed)
