Union City Blue

Rapture

What are we gonna do?
Union, union, union city blue
Tunnel to the other side
It becomes daylight
I say he's mine
Power, passion plays a double hand
I say, he's my union city man
Arrive, climb up four flights
It becomes daylight
I say he's mine
Union, union, union city blue
I say he's my union city man
What are we gonna do?
Union, union, union city blue
I say, he's mine, I have a plan
I say he's my union city man
