

So In Fuck With You

U.S. Bombs

she's my partner we're on the take wanting to get caught for god sakes she's my best friend goes down with me
she holds my hand even though i'm a freak i'm in fuck with you my love so in fuck with you i'm in fuck with
you my love so in fuck with you we stay together through thick and thin if we're blood we'd be bloody inbreds
we never get enough of it she like to fuck in public i'm in fuck with you my love so in fuck with you i'm in
fuck with you my love so in fuck with you she's my baby and i'm her old man they say we're crazy to stick
together i say fuck you if you dont wanna fuck its obvious you dont get much i cant take just a sip we're
pathetic babe we've been joined at the hip we're pathetic babe i'm in fuck with you my love so in fuck with you
i'm in fuck with you my love so in fuck with you
