

# She's So High (Radio Edit)

## Blur

I see her face  
Everyday  
I see her face  
It doesn't help me  
I see her face  
Everyday  
I see her face  
It doesn't help me  
She's so high  
She's so high  
I want to crawl all over her  
She's so high  
She's so high  
I want to crawl all over her  
I think of her  
Everyday  
I think of her  
It doesn't help me  
I think of her  
Everyday  
I think of her  
It doesn't help me  
She's so high  
She's so high  
I want to crawl all over her  
She's so high  
She's so high  
I want to crawl all over her  
She doesn't help me  
She doesn't help me  
She doesn't help me  
She's so high  
She's so high  
I want to crawl all over her  
She's so high  
She's so high  
I want to crawl all over her
