

Give It All

Lucina

I never thought when you walked
Through the door to the dance floor
As you pulled me in I've never been
Held so tightly before
You arms around me, what I feel so strong Now I'm in so deep
That I can't sleep without you
It's a love that took sometime
Someone like you is hard to find But now I've found you
I'll love you
I'll hold you
I'll never let you go When we're alone and in time
Somehow I can show you how
I'll give my heart to you
Gunna give it all to you When we're alone and in time
Somehow I can show you how
I'll give my heart to you
Gunna give it all to you Days gone by, moments past
Our memories forever last
Your love for me makes me feel
In one word, complete
I'll hold your heart like you hold mine
Ohhhh Now I feel we've become
Two pieces now one in our hearts
Such a love it seemed so fine
Could this really last till the end of time Because I've found you
I'll love you
I'll hold you
Because you're all mine
All mine When we're alone and in time
Somehow I can show you how
I'll give my heart to you
Gunna give it all to you When we're alone and in time
Somehow I can show you how
I'll give my heart to you
Gunna give it all to you (instrumental 8 bars) Your hold on me as you know
Everyday how it grows
My hold on you feels so true
You love me through and through
I'll hold you closely by my side When we're alone and in time

Somehow I can show you how
I'll give my heart to you
Gunna give it all to you When we're alone and in time
Somehow I can show you how
I'll give my heart to you
Gunna give it all to you Give it all give give it all
Give it all give give it all
Give it all give give it all to you, to you Give it all give give it all
Give it all give give it all
Give it all give give it all to you, to you
