Are You Happy

Primitive Radio Gods

Hey, are you happy?
Does your sun set high?
Does your sun set high?
Hey, are you happy?
If you're not, then why?
If you're not, then why?Hey, are you with me?
Are you dead inside?
Are you dead inside?
Hey, can you hear me?
If you can't, then why?
If you can't, then why?It's hard not to listen to what they say
It's not gonna matter anyway
Diving through hoops made of fire isn't scary
It's the guy with the whip and the smile who can barely
Remember the days when his mother was Mary
When the man slams you down
Get up and walk aroundHey, are you happy?
Does your sun set high?
Does your sun set high?
Hey, are you with me?
If you're not, then why?
If you're not, then why?It's hard not to listen to what they say
It's not gonna matter anyway
Diving through hoops made of fire isn't scary
It's the guy with the whip and the smile who can barely
Remember the days when his mother was Mary
When the man slams you down
Get up and walk aroundIt's hard not to listen to what they say
It's not gonna matter anyway
Diving through hoops made of fire isn't scary
It's the guy with the whip and the smile who can barely
Remember the days when his mother was Mary
When the man slams you down
Get up and walk around
Get up and walk around
Get up and walk around
