Joy

Gay Dad

Careful what you're wishing for
You just might get your heart's desire
Is what you want exactly what you need
I don't think so'Cos you and I
We know what's going on
You and I
We got the viva las bluesGerm free attitudes in my food
Really make me horny
Looking out for God and money
That's evolution for youYou and I
We know what's going on
You won't see me cry
I'm gonna take you to the other sideFor a little joy
A little joy
For a little joy
Want a little joy
JoyCareful what you're living for
You just might set your house on fire
Is what you want exactly what you need?
I don't think so'Cos you and I
We know what's going on
You and I
Gonna take you to the other sideFor a little joy
A little joy
For a little joy
Want a little joy
JoyThough your head is out of style
You know there's really nothing to it
Feeling really messed around
But you cannot put your finger on it
No one laughs and no one cries
No one want to reach and touch the skyJoy
A little joy
For a little joy
Want a little joy
JoyCan you feel it?
When you feel the night come on
Can you feel it?
Yeah I think it's coming through

Can you feel it?
Yeah I feel it coming on
Can you feel it?
Yeah I feel it coming throughYou and I
We know what's going on
You won't see me cry
See you on the other sideFor a little joy
A little joy
For a little joy
Want a little joyFor a little joy
A little joy
For a little joy
Want a little joyFor a little joy
A little joy
For a little joy
Want a little joy
JoyGoodbye my darling
I'm ready to die
Goodbye my darling
I'm ready to die
Goodbye my darling
I'm ready to die
