

Wonder Sometimes

Club America

Nobody ever said it couldn't work
I tried every day and for so long
You must know that things could come and go
Nobody ever said I couldn't do And I wonder
I wonder sometimes
How it could be Nobody ever said that I was down
There's nothing I won't do for you
I don't want to lose my time, It's all I say
Nobody ever did the things I've prayed
