Save Me

Joan as Police Woman

I don't want to live for tomorrow
Save me
I don't want to live for tomorrow
Save me
I don't want to live for tomorrow
I don't want to live for the dying chance
If you're already good as gone
If you're already good as gone

I don't want to live for another
Take me
I don't want to live for another
Take me
I don't want to live for another
I don't want to live for the dying chance
If you're already good as gone
If you're already good as gone

'Cause we live under the common tree
But I'll learn to leave us there
With all the fruit
Still searching (still searching)
Still looking in your eyes
For a sign
I need to know

I don't want to wait any longer
Race me
I don't want to wait any longer
Erase me
I don't want to wait any longer
I don't want to wish and hope and pray
If you're already good as gone
If you're already good as gone
