

Younger Love

Panama Wedding

VERSE 1 Well isn't it a small world
Well isn't it a strange time
How we're all forced to smile
To each other And I've been runnin' all night long
Runnin' on my own dime
Lookin' for a place to hide
I'm lookin' for a cover CHORUS Go up
Take me to the bottom
But I want you to know that
Know that I wait
Longer and longer for us
Slow down
Give me a time to investigate
But I want you to show me
Show me your
Younger your younger in love 2x Your younger your younger in love VERSE 2 I've been callin' all night long
Callin' on a dead night
Did the satellites in the sky
Fall into the ocean (She said) If you wanna go right now
If you wanna go and drive
Keep your hands inside the ride
When in motion CHORUS 2x Your younger your younger in love VERSE 3 Show me what's goin' on
Why are we slowin' down
To tell me the truth And now that were old enough
To face what's been holdin' us
From the time that we knew
I wanna be, wanna be new again (You know that I) CHORUS 4x Your younger your younger in love
