# If This Is All

## Spiritual Beggars

Woke up this morning from a wonderful dream
A dream about a beautiful land where I could breathe
The only thing I wanted was to go back to sleep
And dream all day long, I was feeling rather downIf this is allI dream all day long about having it all
Of being rich and famous and doing what I want
I don't think it'll solve all my problems
You know it's only money but lot's of funIf this is all, I don't want to stay
Don't want to stay, take me to another place
