

# Take Me Away (Cyberdesign Remix)

## 4 Strings

A shining light  
Another day turns into night  
Eternal fire  
Waited all my lifeTake me away  
A million miles away from here  
Take me away  
Find a place for you and meYou're taking me higher  
High as I could be  
You take me away  
Forever you and me  
Take me awayThe tears I cried  
Kept them all inside  
I needed time  
To make up my mindTake me away  
Million miles away from here  
Take me away  
Find a place for you and meYou're taking me higher  
High as I could be  
You take me away  
Forever you and me  
Take me awayTake me away  
A million miles away from here  
Take me away  
Find a place for you and meYou're taking me higher  
High as I could be  
You take me away  
Forever you and me  
Take me away
