

Incisions

Hot Water Music

why do i feel that i need something more than a quick release from my emotions stowed up inside of me one
day i will break free on the inside would it seem right if i just walked away on the outside could you be mine
cause i won't ever stray (i can see it again) i will sink my soul in you and you can see it through with me
constantly searching for the flawless combination when its found it feels completely useless keep digging
deeper in myself you can see her right around the way
