Beauty Sleep

The Adicts

There you go weeping like a willow
Lay your head down on my pillow
Come on stop your poses
Come on it's a bed of roses
We can dream all night together
Or my nightmare could last forever
So sad the way you cry
You've made your bed
Now you've got to lie in it
Beauty sleep, beauty get your beauty sleep
Beauty sleep, beauty get your beauty sleep
Beauty sleep, beauty get your beauty sleep
Beauty sleep with me
It's not so late around midnight
Blow out the candlelight
Let it take you
Close your eyes
Let it make heave a sigh
Come on
Let's go to the land of darkness
Feel the sandman's
soft and sweet caress
When we wake
and raise our sleepy heads
Will we remember
the dreamy things we said
Beauty sleep, beauty get your beauty sleep
Beauty sleep, beauty get your beauty sleep
Beauty sleep, beauty get your beauty sleep
Beauty sleep with me
Woah I won't let you go oh no
There you go weeping like a willow
Lay your head down by my side
Come on come on baby
Come on girl you drive me crazy
Beauty sleep, beauty get your beauty sleep
Beauty sleep, beauty get your beauty sleep
Beauty sleep, beauty get your beauty sleep
Beauty sleep with me (x2)

Woah I won't let you go no no
Woah
