Oklahoma Dust

The Notorious Cherry Bombs

Well, they tell me I sound lonesome, they tell me I sound blue
Like some ol' country boy fresh off the train
Oh, they can hear the hard times and the struggles I've been through
I just pour my heart out when I singThat's Oklahoma dust in my blood
That's Oklahoma dust in my blood
Got a red-dirt education in that Indian nation
Well, that's Oklahoma dust in my bloodI remember my granddaddy told us all about the land
And the wind that came and blew it all away
Ah, but they just kept on living doing what they had to do
That's the reason I am the way I am todayThat's Oklahoma dust in my blood
That's Oklahoma dust in my blood
Got a red-dirt education in that Indian nation
Well, that's Oklahoma dust in my bloodThat's Oklahoma dust in my blood
That's Oklahoma dust in my blood
Got a red-dirt education in that Indian nation
Well, that's Oklahoma dust in my bloodThat's Oklahoma dust in my blood
That's Oklahoma dust in my blood
Got a red-dirt education in that Indian nation
Well, that's Oklahoma dust in my blood
