Hustle Like Me

King Co

Yea,
King Co,
(George, George, George Kush on the beat)
I don't know about y'all niggas but I like getting fucked up
know I'm talkin 'bout?,
Matter fact I'm throwed right now though,
Course you gotta be ballin to be throwed though you know what Im talkin bout?,
Yea, YeaIf ya hustle like me then throw ya money up
If ya hustle like me then throw ya money up
If ya hustle like me then throw ya money up
If ya hustle like me, If ya hustle like meMoney making Corleone that's what you can call me
All I do is watch it stack that hustling origami
All about my stacks, in the trap where you can find me
Waiting for a drought so I can flood it like tsunami
I hear you niggas hating but you too pussy to try me
Cause beef ain't no debating only which gun tech or tommy,
AR Carbon 15, M-16 or the shotty,
Either way they pull yo grill just to identify your body
Hustlin' is a habit, ballin is my hobby
That's why I spit these verses that be hotter than wasabi
Ridin' with a redbone in my maserati
Wax on, blades chop so I call that bitch MiyagiIf ya hustle like me then throw ya money up
If ya hustle like me then throw ya money up
If ya hustle like me then throw ya money up
If ya hustle like me, If ya hustle like meI got a cup full of syrup, blunt full of purp
I'm too throwed to get silly so I think I'll go berserk
Bring me water and some OJ and I gotta drink it first
Cause this ex will have me sweatin like when hookers go to church
Hallelujah he's a beast, Diamonds in my Jesus Peice
Headed to the stripper club cause you know I need the freaks
They see we ballin out the gym I dont wait for it
Shawty I'm like soulja slim I'll pay for it
But not really ya feel me I'm hot illy
My brain I call it wayne cause really Im bout millis
and Im thinking cash money like baby do
While your bitch is on my dick like crazy glueIf ya hustle like me then throw ya money up
If ya hustle like me then throw ya money up
If ya hustle like me then throw ya money up
If ya hustle like me, If ya hustle like meIf ya hustle like me then throw ya money up

If ya hustle like me then throw ya money up
If ya hustle like me then throw ya money up
If ya hustle like me, If ya hustle like me
