

My Life for Hire

A Day to Remember

Somebody give a sign, that everything's going as planned.
And that everything floats away, into the darkness of this shallow place.

The detail is striking.
The room's cold and foggy.
You'll kick and you'll scream, you'll try everything to survive.
But you should know your fate by now.

They told me, how I should be.

Too late, too late,
You can't try to resolve the past right now.
But I swear I'll be the one,
The one to remember what you've done to me.

You, you know you gotta' assert yourself with what you need for now.
It's not the time or place you're searching for.

All I can give is my worst self-intentions.
You're nothing to me, if I write what you see then your life's a lie.
There's no where left to hide.

They told me, how I should be.

Too late, too late,
You can't try to resolve the past right now.
But I swear I'll be the one,
The one to remember what you've done to me.

Too late, too late,
You can't try to resolve the past right now.
But I swear I'll be the one,
The one to remember what you've done to me.

Watch your back, you'll lose yourself.
This is a battleground!
When will they know!

Your life's a lie

Too late, too late,

You can't try to resolve the past right now.
But I swear I'll be the one,
The one to remember what you've done to me.

Too late, too late,
You can't try to resolve the past right now.
But I swear I'll be the one,
The one to remember what you've done to me.

They told me, how I should be.
