

# Wild Wind

[John Leyton](#)

Hey there wild wind, blow away my blues

Take all the troubles, that I wanna lose

Far away, wild wind

Hear him howling, way across the plain

He's taking back, his sister rain

Far away, wild wind

Hey there wild wind, blow away my blues

Take all the troubles, that I wanna lose

Far away, wild wind Hey there wild wind, when my time is done

Carry my soul beyond the sun

Far away, wild wind

Hey there wild wind, blow away my blues

Take all the troubles, that I wanna lose

Far away, wild wind

Wild wind, wild wind, wild wind
